

Professional Computer/Electronic Equipment Cleaning Services

Professional Telephone Prospector

The Computer and Electronic Equipment Cleaning industry is relatively new (developed in 1990) so we need to spread the word. We are looking to expand our market share.

We are looking for someone to join our team to Telephone Prospect, calling Calgary businesses to find companies who are interested in having their telephones, computers and other sensitive office equipment professionally cleaned and disinfected.

Note: This is NOT the same as the annoying telemarketers who call you at dinner. You will be calling other businesses during regular business hours

The successful candidate has the following skills:

- ✓ Professional voice on the telephone
- ✓ Ability to call a minimum of 2 to 3 hours per day, three to five days a week
- ✓ Organization: is able to book appointments for our Sales Reps
- ✓ *and a great attitude.*

In return for excellence in Telephone Prospecting we will provide:

- ✓ COMPLETE and ongoing training (starting with a 3-hour workshop)
- ✓ Generous hourly wage (\$10.00/hour)
- ✓ Bonus for all sales closed by our Sales Reps
- ✓ Full commission for all sales closed by the Telephone Prospector on the phone (30%) – (Direct Sales is not the prime directive, but it sometimes happens because you called at just the right time.)
- ✓ Calling lists
- ✓ Possibility of extra office work, as available
- ✓ Possibility of extra work cleaning computers – if you want to
- ✓ Strong support from management.
- ✓ An awesome company to work for!!
